FEEL THE PASSION.

We all feel it. It's the passion we have for the game of golf. At Club Car, we try to capture that passion every day. It's at the core of everything we do as we develop creative business solutions for our customers around the world. And because we're all committed to the future and prosperity of the sport we love, the people of Club Car have dedicated themselves to a simple philosophy: Honor the game. In every way we can. That's why we've chosen to build partnerships with organizations that truly care about the game. That's why we're driven to build the industry's finest vehicles. And that's why, supported by a full range of creative business solutions,

HONOR THE GAME.

we're focused on helping our customers find success. Club Car is committed to you — and your investment. We'll prove it every day with an intimate understanding of the issues and challenges you face. And we'll find solutions that will make a real difference for you and your customers. To us, golf is much more than simply our business. At the end of the day, it's all about making each and every golf experience a memorable one. Club Car is honored to be a part of this great game. We'd also be honored to be your business partner. To learn how our creative business solutions can help you, call 1.800.CLUBCAR or visit www.clubcar.com.

WHEN YOU THINK GOLF 24/7/365, THIS IS THE RESULT.

You could call the Precedent 'state-of-the-art.' But that might be selling it short. Here's why the Precedent line continues to set the standard for technological innovation:

- IQ System™ The intelligence of the exclusive IQ System contributes to the Precedent's best-in-class performance. Featuring programmable speed control, a lower pedal-up regen speed, and enhanced hill climbing ability, the IQ System allows you to customize the car to fit your course.
- IQDM Hand-held Diagnostics. A brilliant way to keep your fleet operating at peak capacity and profitability.
- Powershield™ This innovative protective housing completely safeguards the electrical and power systems, deflects ground debris, and channels water away from sensitive areas.
- 4-Battery, 48-Volt Powerplant. More efficient to run and less costly to maintain.
- 11.5 hp Kawasaki engine.
- Less parts, which improves reliability and reduces maintenance costs.
- SportDrive™ Steering and Suspension. Creates an invigorating, sports car-like driving experience with nimble acceleration.
- Monsoon Top™ The industry's first canopy with built-in drain spouts to automatically channel water straight to the ground.
- AlumiCore™ Chassis. Adds to the enhanced stability, ride and performance of the car.
- Pedal Group and Brake. Pre-set and sealed.
- Access Panel provides easy maintenance and is tamper-resistant.
- Industry's Tightest Clearance Circle. Gives your staff superior maneuverability in storage areas and rewards your customers with exceptional handling on the course.
- 360° Bumper. Wraparound bumpers, combined with 5 mph front and rear impact bumpers, protect frame and body. That means fewer scratches, less collision damage and added protection for your investment.

Backed by years of refinement, the legendary DS Player features numerous industry innovations:

- DS Player electric models feature our exclusive IQ System for efficiency, reliability, and the ability to customize the vehicle to a variety of driving requirements.
- DS Player gas models provide excellent maneuverability and comfort.

Please Note: Vehicles contained throughout this brochure may be shown with additional accessories.

THIS ISN'T JUST A GOLF CAR. THIS IS PURE PRESTIGE.

What happens when your golf course selects the world's most prestigious golf car?

Your image is instantly elevated in the minds of your customers — and your competition.

The beautifully appointed Precedent Champion. Built to excel in every way. It sets the tone for your course with its dazzling good looks, unrivalled performance and luxurious driving comfort. No other golf car even comes close.

The Precedent Champion electric model is simply the most elegant, quiet and efficient ride the industry has ever created. It offers the ultimate in style, unique accessories, and with the IQ System, best-in-class range.

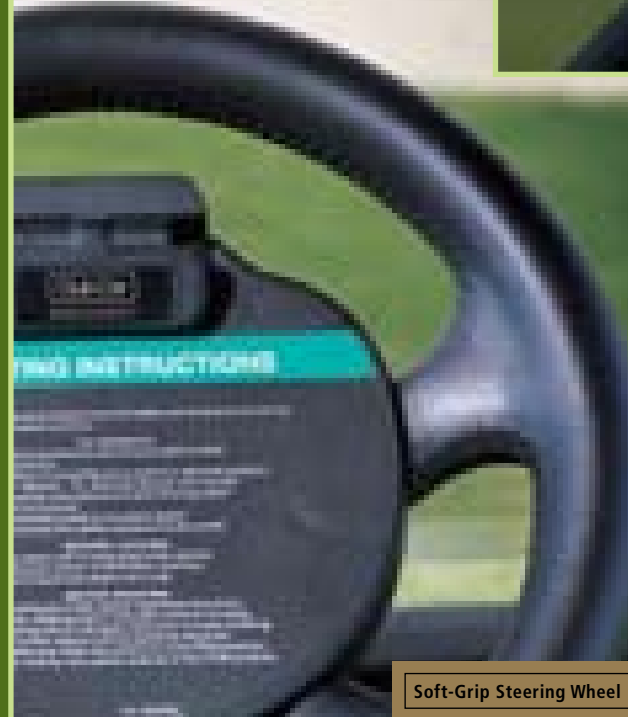

If gas is what you need, you'll appreciate the improved acceleration and easy maintenance of the 11.5 hp Kawasaki® gas engine.

With the Precedent Champion, you'll get more than just a golf car. You'll get exceptional features like:

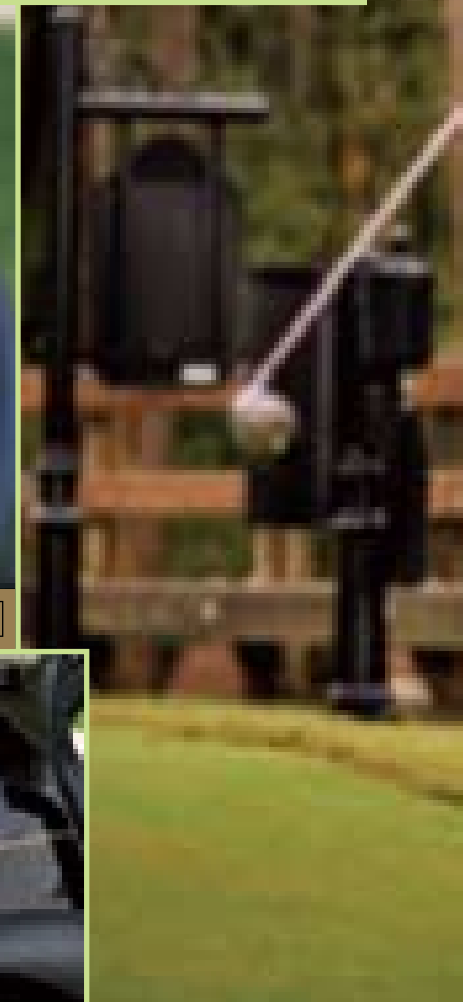

- 10" rims and aluminum wheels
- Custom club logo on front cowl
- Accent stripe
- Tinted, winged and hinged windshield
- Premium number decals
- Soft-grip steering wheel
- Choice of standard or premium colors
- Canopy storage net
- Choice of one driver-side and one passenger-side accessory
- Choice of premium bag protector (standard) or single point watering system

Precedent Champion

YOU'RE PLAYING THE WORLD'S GREATEST GAME. MIGHT AS WELL DO IT IN STYLE.

Why settle for just any golf car when you can treat your guests to an extraordinary golf experience? The Precedent Professional is all about style, performance and technology.

In the true Precedent tradition, it turns heads with its contemporary design, featuring strong, lustrous Surlyn Reflections® body panels. Surlyn is the material used to cover golf balls. And when it's time to trek around the fairways, the acceleration, tight steering and suspension of SportDrive delivers a spirited, sports car-like driving experience. The hand-held IQ Diagnostic Display Module adds a stroke of pure genius by helping to keep your fleet operating at peak capacity — and profitability.

As the industry's first 4-battery, 48-volt golf car, Precedent runs efficiently and keeps maintenance costs low. The IQ System enhances energy management and offers best-in-class range and performance. The Precedent Professional gas model, with its 11.5 hp Kawasaki gas engine, offers improved acceleration and ease of maintenance.

What could be better than spending a day on the links in a Precedent Professional? Especially with features like:

- Ergo Seats. Developed using ergonomic software, seats are larger, taller and more erect for support, proper posture and driving position.
- Spacious Bagwell. Featuring a center divider and textured surface to keep bags from slipping.
- Large dash compartment, deep sweater basket and available canopy net for the ultimate in storage.
- Internal Canopy Handle. Increases comfort and security for drivers and passengers alike. The handle is longer, giving the user more hand position options.
- FlexiDrink™ Cup Holders. Accommodates all types of containers and can bend without breaking.

Surlyn Reflections® is a trademark or registered trademark of LTL Color Compounders.

BEAUTIFUL TO THE EYE. AND THE BOTTOM LINE.

The classic beauty of the DS Player. This is the golf car that became a legend — and led the way in industry innovations. Years of refinement — and the "classic" Club Car body — make the DS Player an excellent, high-value choice for your operation.

The DS Player electric model features our exclusive IQ System, giving you reliability, efficiency and the ability to customize your vehicle to a wide variety of driving requirements. The enhanced testing and diagnostics of the DS Player electric makes fleet maintenance simple. Our popular, instantly recognizable DS gas model offers your customers excellent maneuverability, comfort and class.

The DS Player is more than just beautiful to behold. It's filled with features that make playing a round more enjoyable for your customers:

- Self-adjusting rack and pinion steering
- Bumpers
- Parking brake
- "Sure-Stop" braking system
- Premium tread tires
- 17'6" clearance circle
- Secure dual bag holder
- Comfort-grip steering wheel
