

A FULL LINE. FOR ANY LINE OF WORK.

At Club Car, we call them utility and transportation vehicles. But to people who use them every day, they're known as "workaholics." We know that not every job is the same. That's why we offer three different lines of vehicles to meet a wider range of demands.

For a strong, durable vehicle that's not afraid to get its wheels dirty, we have 12 Carryall models.

If it's a sleek and spacious transportation solution you're looking for, then our stylish Villager models are sure to impress.

And then there's TransPorter—a tough machine that delivers power, passengers and a bigger payload.

Carryall. Villager. TransPorter.

From hard work to hospitality, no matter what the job calls for, we have an answer. Different models, for different needs. And no matter which model you choose, you can always depend on the same quality, performance and dependability only a Club Car can deliver.

Club Car

DRIVE IT ONCE AND YOU'LL KNOW.™

CARRYALL 1

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Kawasaki® 9 hp gas engine or 48-volt motor	800 lb (362.9 kg)	15 mph (24.1 kph)	2

Perfect for light-duty tasks. The electric model features an exclusive IQ System with programmable speed feature.

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Kawasaki 11 hp gas engine or 48-volt motor	1,200 lb (544.3 kg)	16 mph (25.8 kph)	2

A Club Car best-seller. The right combination of speed and power for just about any job.

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Kawasaki 11 hp gas engine	1,200 lb (544.3 kg)	18 mph (29 kph)	2

All the features of Carryall 2, plus greater maximum speed, key-start engine and 4-wheel drum brakes.

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Kawasaki 11 hp gas engine or 48-volt motor	1,500 lb (680.4 kg)	16 mph (25.8 kph)	2

Six-foot bed makes transporting cargo easy and efficient.

CARRYALL 6

CARRYALL 252

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Kawasaki 11 hp gas engine	900 lb (408.2 kg)	17 mph (27.4 kph)	2

Tough enough to maneuver through rough terrain, yet nimble enough to drive on manicured turf.

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Kawasaki 13 hp gas engine	1,200 lb (544.3 kg)	19 mph (30.6 kph)	2

Additional power allows you to take on more. Plus shift-on-the-fly diff lock for on-demand traction control.

CARRYALL 272

CARRYALL 472

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Kawasaki 13 hp gas engine	1,300 lb (589.7 kg)	19 mph (30.6 kph)	4

With seating for four and a little extra horsepower, you can take on more passengers and a bigger workload.

CARRYALL 294 4x4

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Honda® 20 hp gas or Kubota® 20 hp diesel engine	1,200 or 1,450 lb (544.3 or 657.7 kg)	25 mph (40.2 kph)	2

Features exclusive Intellitrac™ fully automatic 4-wheel drive, front and rear differential lock and high/low gearing.

VILLAGER 4

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Tranquility 9 hp gas engine or 48-volt motor	800 lb (362.9 kg)	19 mph (30.6 kph)	4

A fresh, new vehicle design. Ideal for upscale transportation.

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Kawasaki 11 hp gas engine or 48-volt motor	1,500 lb (680.4 kg)	16 mph (25.8 kph)	6

Seating for four with a fixed rear seat. Transport cargo or passengers with an optional fold-down rear seat.

VILLAGER 6

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Kawasaki 11 hp gas engine or 48-volt motor	1,500 lb (680.4 kg)	16 mph (25.8 kph)	8

Room for eight makes it perfect for high-volume transportation.

VILLAGER 8

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Kawasaki 11 hp gas engine or 48-volt motor	1,500 lb (680.4 kg)	16 mph (25.8 kph)	4

Offers seating for four, room for cargo and an all-aluminum rear body, ideal for enduring more rugged environments.

TRANSPORTER 4

TRANSPORTER 6

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Kawasaki 11 hp gas engine or 48-volt motor	1,500 lb (680.4 kg)	16 mph (25.8 kph)	6

Gives you the durability of an all-aluminum rear body, plus room for six.

Power	Total Vehicle Capacity	Max Speed	Seating Capacity
Kawasaki 11 hp gas engine	1,200 lb (544.3 kg)	14 mph (22.5 kph)	2

Treat guests to snacks and refreshments with the Café Express.

CAFÉ EXPRESS
